Insulating solutions for OEMs

Unex offers a wide range of solutions to meet the wiring requirements of automation technology and mechanical engineering.

- Certified products: accepted in the most demanding international markets.
- Electrical safety: insulating material. Higher protection against indirect contacts.
- A system resistant to the most common corrosion in industrial processes.
- Aesthetical integration, organized and concealed cabling.
- Easy handling and mounting, clean cut of the sidewalls, no burrs.
- Sturdiness, impact resistance and solid fixing of the cover, conferring higher safety to the installation.

Own formulated raw materials

With enhanced technical characteristics and our own naming system.
